

## ALZHEIMER'S DISEASE IN LONG-TERM CARE

SPONSERED BY: AALTCN & C.A.R.E.S.

### **ATTENTION: DIRECTOR OF NURSING AND STAFF**

YOU ARE CORDIALLY INVITED TO ATTEND A ONE (1) HOUR PRESENTATION ON ALZHEIMER'S DISEASE, THE MOST COMMON FORM OF PRIMARY DEMENTIA.

#### **OBJECTIVES:**

- How to screen and confirm an AD diagnosis
- Simplify treatment selection
- Understand the consequences of delaying treatment
- Communicate expectations to caregivers and patients

**SPEAKER: George Bartzokis, M.D.** Professor at UCLA specializing in Alzheimer Dementia

Since early diagnosis and persistent treatment is a key to managing Alzheimer's disease (AD), recognizing its symptoms is the responsibility of every long-term care staff member. George Bartzokis, MD, will discuss the latest evidence-based approaches to screening and diagnosing AD, and review the effects of treatment on mild, moderate, and severe AD.

*Support:* Provided by Eisai Inc. and Pfizer Inc.

**Please enjoy complimentary wine, soft drinks and appetizers during this one hour presentation**

**Tuesday August 25, 2009**

**RENAISSANCE GLENDALE HOTEL & SPA**
